L3 47-26—41

Sir,

I have the honour to state that it is proposed to purchase a four valve wireless Receiver complete with all accessories and Loud speaker from District Funds for use during big jatras, Conferences and other public occasions when lectures of importance are delivered. Mr.Kadaba, Superintendent of Industries opines that with the above set it is quite possible to receive transmissions provided there are no atmospheric disturbances.

The estimate for Rs.423-2-0 received from him for the purpose was sanctioned by the District Board at their meeting held on 11th December 26(Resolution No.43).

In sumitting herewith an extract from the proceedings of the District Board, I request that sanction of the Government may be kindly obtained to the Board's resolution. The cost will be met by necessary reappropriation of funds in the current year's District Board budget.

I have the honour to be,

Sir,

Your most obedient servant,

President,

District Board of Mysore.

I am afraid that neither the technical difficulties connected with radio work nor the importance of a co-ordinated scheme is realised in the resolution of the D[t] Board. D[r] McCabe has been requested under instructions from the Dewan to prepare and submit a scheme for Broadcasting in the State. The scheme will undoubtedly involve the establishment of a Central Station & Main stations somewhere in the middle of the State & with presumably main stations at D[t] Headquarters & Relay stations elsewhere. It is absolutely necessary that broadcasting should be under co-ordinated control as it is in England where the B.B.C. has about one million customers who pay about ½ of a penny a day.

I submit that the D[t] Board might intimate that Govt. are inquiring into the feasibility of inaugurating a co-ordinated scheme of broadcasting in the State & the Board may await the decision on the matter
